- 

### PROJECTS

#### Parcel Delivery

[Live](#) [Github Client](#) [Github Server](#)

- Developed a Parcel Delivery System using the MERN stack with dedicated dashboards for Admin, Sender, and Receiver roles.
- Implemented parcel tracking with detailed status logs, allowing senders and receivers to monitor delivery progress in real time.
- Built an Admin dashboard to manage parcels, users, and system activities.

Technologies - Typescript, React Js, Redux, Shadcn, Express Js, MongoDB, Mongoose

#### Tech Space

[Live](#) [Github Client](#) [Github Server](#)

- Developed a scalable, responsive e-commerce platform with role-based admin management.
- Implemented JWT authentication, debounced search, pagination, filtering, and cart/order system.
- Used RTK Query caching and built an admin dashboard for products, users, and orders.
- Integrated SSL Commerz payments and Cloudinary image storage.

Technologies - React Js, Redux, Shadcn, Express Js, MongoDB, Mongoose

#### My chat

[Live](#) [Github Client](#) [Github Server](#)

- Developed a real-time chat app with responsive design and one-to-one/group messaging.
- Implemented secure authentication with role-based access.
- Integrated Socket.IO for instant messaging, notifications, and media/file sharing.
- Built a secure admin panel to manage users and monitor chats.

Technologies - React Js, Redux, Material UI, Express Js, MongoDB, Mongoose

---

### EXPERIENCE

#### Trainer - Web development

Oct 2023 - Apr 2024

It Q Solutions

Worked as a Trainer for her power project in contract basis and collaborated with other team members for enhancing students' skill. I took class of computer skills like ms office, html, css, bootstrap, javascript, mysql, git, github and other related tools and technology.

---

### EDUCATION

#### Diploma in Computer Technology

2020 - 2024

Habiganj Polytechnic Institute

Cgpa: 3.90 out of 4.00

---

### LANGUAGES

Bangla (native), English (Intermediate)
